**iCreate** is here to provide learners with a safe and fun environment. Learners will be guided and encouraged to grow their own creative after school experience. iCreat offers a variety of activities and experiences for our learners extending the philosophy of iLEAD Schools. The daily program consists of a choice of engaging creative indoor activities, crafts and outdoor activities. The annual registration fee goes towards supplies for the program.

We cannot accept children who are not enrolled at iLEAD AD. For further questions and to register, please inquire in the office. Thank you.
