

Falcon Chronicles

iLEAD Agua Dulce High School

Highlights

This week we began working with fungi cultures through agar inoculation. Our learners were so excited to observe the world like scientists and work in a branch of science that is evolving in our time. We are grateful to our *Mycologist Jonathan Fredette* and our *Maker Kathleen Fredette* for leading us in our exploration and application of Mycology as we seek to understand how it supports wellness for humanity and our earth. Our learners feelings and experiences were unforgettable as we setup our lab and they got to engage in active experiments to answer the driving question. Learners also taught our 1st-3rd grades about cells, thanks to Miss Quan & Miss Rivera. This week was indeed "sensational and memorable" as described by our learners.

PBL

DRIVING QUESTION 2

How can our understanding of Mycology support wellness for humanity and our Earth?

SEL

WHO ARE WE?

As we discover who we want o become individually, we are also cultivating our inter/intra personal skills by embracing the 8 Habits.

Musts

Mark Your Calendar for 02/16/22:
6:30pm HS Planning (Zoom)

Mark Your Calendars

Feb 16: 6:30-7:30pm
Fireside Chat (Zoom)

Feb 21: No School

March 10-11: No School

March 18,24,25:
Learner Led
Conferences (LLC)

Memories

Table Talk Wonder:
Share what you learned through the iWitness interviews.

GROWS & GLOWS

ADVISORY

We practiced mindfulness, discussed procrastination, and meet with our counselor Mrs. Lairson.

PORTFOLIO - PROJECT ONE

We became experts in the understanding of cells by teaching others and made strides towards conceptualizing history by sharing the life stories of our elders.

MAKERY - EXPLORATORIUM

We engaged in our interests in the exploratorium.

STEM

We learned more about the biology of fungi with Jonathan and Mrs. Fredette, prepared for our first cultivation and executed our first culture inoculation. Completed the unit on coordinate geometry and the Pythagorean Theorem.

HUMANITIES

Shared and reflected on the iWitness Project.

ELECTIVES Completed block 3 of the online coursework.

- Quote of the Week -

“This week was fun, scary, exciting, more scary because of the agar inoculations.” Jose

Learner Station

IN THE UPCOMING WEEKS WE WILL...

1. **Advisory** - Habit 2 & 3 Activities.
2. **PBL + SEL** - Agar Cultivation #1 Lab Data Collection.
3. **STEM & Humanities** - Systems. iWitness Interview Presentations.
4. **Electives** - Block 4 in iLEAD online courses.

FRIDAY CHOICES

- Hit Record:** #1 Cultivation & Cell Presentations
- Book:** Read
- Electives:** IIGPP, Spanish or VAPA Block 4
- PE** - Log Hours and Activities
- Portfolio** - Add your beautiful work to your monster portfolio
- Brightspace** - Complete Assignments
