**Preparation:** Artwork must be framed or be stretched canvas mounted on frame with edges painted or finished with tape and wired. Artwork does not have to be professionally framed. A purchased frame from a retail outlet or a repurposed frame that is framed by artist or parents is acceptable. All artwork must include a hanging wire. (Hobby Lobby can add a hanging wire to an existing frame for \$3). We will not be able to hang your artwork without a frame and a hanging wire. A hook is not adequate for the hanging system used in the library. Artist’s name and title of artwork must be neatly printed or labeled on back of artwork.

**Back of Frame**  
 Hanging wire goes from one side of frame to the other and is secured with a screw or bracket. **No string. No tape. No staples. No hot glue.** Mount wire 1/3 the distance from the top of the frame. Arch of wire should be about 1” from top of frame.
